The Tippie College of Business admits over 900 students a year to its programs. There are no enrollment limits on majors, but admission is selective and students must meet specific requirements in order to be admitted. Students are initially admitted to the college, not to a specific major. Students typically declare a major around the beginning of their third year. In order to declare a major, students must be admitted and have completed Principles of Macroeconomics, Managerial Accounting, and Business Computing Essentials.

**High School Students**

Direct admission is for highly qualified high school students. Roughly 30% of total admissions to the college are direct admits.

**Direct Admission Criteria:**
- Completed application to the university
- A composite ACT of 26 (SAT 1170-1200) or higher and a high school GPA of 3.60 or higher

*Applicants who do not meet these requirements but who present strong academic records are considered carefully.*

Students who are not admitted directly to the Tippie College of Business are admitted to the College of Liberal Arts and Sciences as prebusiness majors and may apply to Tippie, after completing prerequisite course work (see Standard Admission Criteria). Information to petition for direct admission can be found at: [tippie.uiowa.edu/directadmit](http://tippie.uiowa.edu/directadmit).

**Current UI Students**

Standard admission is for current University of Iowa students, designated as prebusiness majors, who generally apply during their second year at Iowa. Over 60% of total admissions to the college are standard admits.

**Standard Admission Criteria:**
- Apply by the deadline (December 1 for spring, May 1 for fall)
- Complete admission prerequisites with a grade of C or higher: Calculus and Matrix Algebra, Statistics for Business, Principles of Microeconomics, and Introduction to Financial Accounting
- Earn a 2.75 (or higher) UI, admission prerequisite, and cumulative GPA
