ADMIT ONE: Your Ticket to Tippie

**Presenter Information**

Thank you for sponsoring or presenting at an ADMIT ONE-eligible session.

ADMIT ONE is a required orientation program for students admitted to the Henry B. Tippie College of Business. Students have the opportunity to complete their orientation requirement by attending events/workshops/activities from a pre-approved list.

**Learning outcomes for ADMIT ONE**

After participating in the orientation program: ADMIT ONE: Your Ticket to Tippie, students will:

1.) Feel more connected to Tippie – other students, faculty and staff;
2.) Understand benefits of connecting with the Undergraduate Program Office
   a. Advising
   b. Programming
   c. Resources;
3.) Have more information and a greater understanding of majors in the college and opportunities within those majors; and
4.) Understand expectations for being a Tippie College of Business student

**A few notes**

- If appropriate for your event and if time permits please ask students to introduce themselves to two other people in the room—it’s a nice way to break the ice and help students meet each other.

- Announce that for those students attending the event for ADMIT ONE, you will sign the forms at the end of the session. If you have a name stamp, you may want to use it and initial the stamp on the form.

- At the end of the event, please make a note of approximately how many forms you signed. We will send a follow-up email to sponsors/presenters to get feedback.

Thank you for your support.
