Rod Warren Joins Vaughan Institute Advisory Board

Rod Warren, the newest member of the Vaughan Institute Advisory Board, is president of the insurance companies and insurance agencies under the NCMIC Group umbrella, which is located in Clive, Iowa. The companies have a presence in all 50 states and provide insurance products to a variety of audiences, including professional liability coverage for physicians, dentists, chiropractors, and lawyers.

For the past several years, Warren has served as a mentor in the Vaughan Institutes Mentoring Program. Mentors are recruited from the local Risk Management and Insurance chapter and from the Tippie alumni and professional partners connected with the institute.

“As a mentor, I have experienced how focused and motivated the students are, and this is a terrific way for me to assist in any way possible,” he says. “There is no question in my mind that the young professionals in the Vaughan Institute are being afforded the opportunity to get a running start on their careers after graduation, and I’m very pleased that I can now help contribute to their future success through my participation on the board.”

Prior to joining NCMIC, Warren was director of Life and Annuity Operations for AmerUs Life/AVIVA from 1998 through 2001. Before that, his career included roles at ING, Principal Financial Group, and Farmland Life Insurance Company.

Rod earned a BBA in finance from the University of Iowa in 1986, an MBA from Iowa in 1997, and has partially completed MSM/RMI at Florida State University. Rod is a CPCU, CLU, and FLMI/M in addition to completing approximately 10 other insurance designations. Rod serves on the board of directors of the UnityPoint Foundation and Employee & Family Resources.
