

# Jason Cooper

SVP, Chief Analytics Officer  
HMS

---

An executive leader specializing in deriving business value from data, analytics, informatics, and technology covering for-profit, nonprofit and government domains, including leadership roles at HMS, Blue Cross Blue Shield plans, Cigna and CVS. I am an industry thought leader, well-published author, and previously funded researcher.

A member of the Healthcare Information and Management Systems Society (HIMSS) and the American Medical Informatics Association (AMIA), in addition to serving on the boards of directors of HMS India and the Population Health Alliance as well as advisory councils of University of Iowa's Tippie Analytics Cooperative and Montclair State University's graduate Business Analytics program.

I hold Masters Degrees in Computer Science and Biomedical Engineering.
